VILLA LEAVES FOR CHIHUAHUA TO MAKE ATTACK ON FEDERALS

Rebel Chief Confident He Will Be Able to Capture Enemy's Entire Command or Annihilate It.

PERCE FIGHTING IN SOUTHERN MEXICO

Rebels Contest Stubbornly Every Inch of Ground and Give Up Only When Ammunition Is Exhausted.

El Paso, Tex., Nov. 27.—Every business house in Juarez closed its doors this afternoon, upon the issuance of an order by General Francisco Villa, that shopkeepers must accept constitutional fiat money. When he learned that the merchants had closed their stores rather than accept the rebel currency, Villa announced that he would confiscate their stocks.

By Leased Wire to Evening Herald. El Paso, Tex., Nov. 27.—Panchito Villa announced this morning that he could leave tomorrow with his rebel army for Chihuahua, to attack the federalists who retreated Tuesday night after attempting to take Juarez from him. He believes that other rebel forces have got between the retreating federalists and their base at Chihuahua and that he will be able to capture the entire command or annihilate it.

Today was an off day in Juarez. Villa and most of his officers attended the opening of the Juarez Jockey Club. All the dead have been buried and the wounded are now all in temporary hospitals in Juarez. The rebel soldiers are being given clothing and ammunition today preparatory to the advance tomorrow.

OVER FIFTY REBELS KILLED BY THOMAS OF AGUILAR

Mexico City, Nov. 27.—Over fifty rebels were killed yesterday in the course of three sharp engagements between a force of 400 revolutionists and a body of federal troops under Colonel Celso Aguilar in Tlaxcala, according to advices received at the war office.

The rebels, who had committed many depredations in the vicinity recently, were discovered by the federal troops at San Damian, Tlaxcala, and over an hour they resisted the attack, but were finally driven in the direction of San Andres Cuamtilpan, where they made a second stand.

After another stubborn fight, the rebels fell back on the town of San Diego and dispersed only when their ammunition was exhausted. Fifty-three bodies of rebel soldiers are said to have been found on the battlefield, while the federal loss is reported as having been insignificant.

A column of federal troops commanded by General Rubio Navarrete ambushed yesterday by a strong body of rebels near Santa Cruz, where they were moving toward Ciudad Victoria. The federalists were caught in a ravine by the rebels, who poured in a heavy rifle fire from the hillside. The rebel troops were eventually driven off, leaving some seventy dead on the field.

The federal commander admitted that 25 of his men were killed.

Another rebel force yesterday sacked the town of San Domingo, in the state of Puebla. They did not even spare the church, which they looted after killing the sacristan. Such a thing is unusual, churches and priests generally being respected by the raiders.

A despatch from San Luis Potosi today says trains are running as far north as Yancagua, where federal troops are concentrated. Communication, however, is interrupted further north where the rebels are reported to have dynamited some trains and are still in command of the railroad.

ANXIETY OVER POSSIBLE ATTACK ON OIL FIELDS

Washington, Nov. 27.—While Rear Admiral Fletcher has obtained formal pledges from the constitutionalist general, Aguilar, that there shall be no interference with the oil fields, there is some concern as to whether there is some attempt to cover the rather critical situation at Tampico.

It is thought at the navy department that there is little danger of any action by constitutionalists near Tampico that would threaten actual destruction of the great oil tanks at that port. Though no specific instructions have been given to the American naval commanders, they are expected to act on their own discretion in protecting the properties. The real danger, if any existed, would be in interference with the lines running twenty-five miles into the interior from Tampico. Naval officers estimate that it would require a small army to protect the wells and pipe lines. The firing of a cap from one of the gunners and the ignition of the rushing streams of oil might carry widespread disaster to the coast.

Rear Admiral Fletcher, it is ex-

POPULACE ACCLAIM ITALIAN KING; PARLIAMENT OPENED

Assembled Lawmakers Rise and Cheer Victor Emmanuel, Who Makes Vigorous Speech From Throne.

PROMISES WOMEN WILL BE GIVEN RIGHTS

(By Leased Wire to Evening Herald.) Rome, Nov. 27.—Brilliant ceremony today attended the opening of the Italian parliament by King Victor Emmanuel. The king, accompanied by Queen Helene and the royal princess, drove in state carriages through streets lined by immense throngs to the senate house. When he entered the parliamentary building the assembled deputies and senators rose and cheered him. Leonida Bisolatti Bergamaschi, leader of the reform socialists, Prof. Enrico Ferri, independent socialist, and Carlo Del-Aquila, republican, took the oath in the presence of the king, a form unprecedented in the Italian parliament, where socialists and republicans hitherto had always stayed away from the opening.

The king's speech from the throne was greeted for the first time by representatives of all classes of the nation, made possible by the introduction in Italy of universal suffrage.

His majesty recapitulated the conquest of Libya, paying tribute to those who had fallen in the fighting. He said the conquest had given Italy a civil mission, which it would accomplish with respect for the natives' religion, family life and property. It would also open a field for Italian emigration near the mother country, and so prevent Italian subjects from wandering to distant lands.

The king announced that many reforms were to be introduced in Italy and alluded to the intention of the government to give Italian women their "rightful place."

His majesty said the most ample religious liberty would be given the church but that it would be prevented from interfering in state affairs, as the government could not admit any limitation of its sovereignty.

Of the Balkans, the king said the accord between Italy and the other European powers had prevented greater conflicts arising than those which had occurred. Italy, he said, desired the Balkans to enjoy peace and prosperity.

His majesty urged strengthening of the army and navy and the placing of Italian finances on a more solid footing and appealed to the weather chasers to show their patriotism by accepting cheerfully increased taxation.

EX-PRESIDENT ZELAYA HELD FOR MURDER

(By Leased Wire to Evening Herald.) New York, Nov. 27.—Jose Santos Zelaya, former president of Nicaragua, arrested in bed at midnight on charges of having committed murder in Nicaragua, was held today without bail for examination on December 1. Pending the arrival of a requisition for extradition to Nicaragua he was remanded to prison. General Zelaya was arrested as a fugitive from justice on complaint of Roger B. Wood, an assistant United States attorney. Mr. Wood charged that a warrant for Zelaya's apprehension for murder had been issued in Nicaragua, and that he had named the alleged victims. It was said, however, that they were two countrymen, slain twelve years ago, and that the death of Leroy Cannon and Leonard Groce, Americans, slain in Nicaragua in 1909, in an uprising against the Zelaya regime had nothing to do with Zelaya's arrest.

BOAT TURNS HANDSPRING ONE MAN DROWNED

(By Leased Wire to Evening Herald.) Portland, Ore., Nov. 27.—Albert Stone was drowned and Johnnie Wolff, owner of the boat turning under the name of "Oregon Wolf" and his engineer, Ott Mathiot, narrowly escaped death today while trying out a new boat, the Oregon Wolf IV, on the Willamette river. The boat, traveling at terrific speed, rounded a buoy and struck a wheel. She turned a complete somersault, falling over backward.

Veteran Theatrical Manager Dies

New Orleans, Nov. 27.—Henry W. Greenwall, veteran theatrical manager, died here today, at the age of 81 years.

He was undertaking first to get in communication with leaders near Tampico and induce them to respect the pledges given by General Aguilar.

Later today the navy department received delayed dispatches reporting Rear Admiral Fletcher's arrival at Tampico and also the arrival of the British cruiser Suffolk with Rear Admiral Craddock. Nothing new was reported in the situation.

SENATE DEMOCRATS ARE SPEEDING UP THE STEAM ROLLER

Day of Thanks Spent by Faithful Rushing Through Currency Bill With Machine on High.

NO ONE PRESENT TO PUSH AMENDMENTS

(By Leased Wire to Evening Herald.) Washington, Nov. 27.—Thanksgiving day was spent by the senate Democrats hard at work in conference on the administration currency bill with geared up legislative machinery moving at a rapid rate. The conference made such progress that the currency leaders declared the bill, with possibly one section excepted, would be ready for consideration by the senate when the conference finished its evening session.

In the absence of Senator Hitchcock, no one presented the amendments which he and the five Republicans of the committee had framed, and the conference sped through section after section, endorsing the Owen-Glass bill practically without change. Senator O'Gorman, who aided Senator Owen in presenting the bill to the conference, predicted that with the exception of the section fixing the number of regional reserve banks, the bill would be completed today.

The number of banks has not been decided on and was passed over at the request of Georgia senators, who feared that Atlanta might be handicapped if a regional bank were created in some other southern city, probably New Orleans.

It was understood that an attempt might be made to pass a resolution binding the Democrats in the conference to support the administration bill. Senator Hitchcock was expected to refuse to support the conference bill. Senator Lane of Oregon has so far declined to go into the conference and Senator Newlands, while attending the conference, has an original plan which he intends to present on the floor of the senate.

The defection of three Democrats in the senate if the Republican lines hold. During the morning session the conference accepted the Owen provisions by which the new regional banks would be capitalized by subscription by National banks and by which the banks would be controlled by the member banks electing six out of nine directors. About one-fourth of the bill was completed when the conference took a recess to allow the senators to get hurried Thanksgiving dinners.

GOVERNOR AMMONS ORDERS DOYLE RELEASED

(By Leased Wire to Evening Herald.) Trinidad, Colo., Nov. 25.—Notwithstanding the action last night of Governor Ammons in ordering the release of E. L. Doyle, secretary-treasurer of district No. 15, United Mine Workers of America, who was being held for investigation by the military authorities, General John Chase and Judge Advocate Major E. J. Boughton this morning proceeded with their plans for the trial of several cases of alleged crimes growing out of the strike by military court. The announcement of the personnel of the military commission is expected sometime today. Doyle was released late last night, and so far no action in the matter has been taken by the civil authorities.

Mine Workers' Official Charged With Complicity in Assassination Not to be Bothered

(By Leased Wire to Evening Herald.) Trinidad, Colo., Nov. 25.—Notwithstanding the action last night of Governor Ammons in ordering the release of E. L. Doyle, secretary-treasurer of district No. 15, United Mine Workers of America, who was being held for investigation by the military authorities, General John Chase and Judge Advocate Major E. J. Boughton this morning proceeded with their plans for the trial of several cases of alleged crimes growing out of the strike by military court. The announcement of the personnel of the military commission is expected sometime today. Doyle was released late last night, and so far no action in the matter has been taken by the civil authorities.

A big demonstration took place last night at the Ludlow tent colony when the news of Doyle's release became known. The strikers paraded about the camp singing the union "battle song" and speeches were made denouncing the state militia.

The clash between Governor Ammons and General Chase, coupled with the news of the failure of the Denver conference yesterday has given rise to a feeling of pessimism over the strike situation and no hopes are entertained locally either by miners or operators for a speedy settlement.

General Chase has made no statement concerning the action of Governor Ammons in superseding him in the Doyle affair.

To Consider \$33,000,000 Project

Washington, Nov. 27.—The \$33,000,000 project for flood control in the Sacramento and San Joaquin valleys in California, will be considered by the house committee on rivers and harbors at a hearing probably December 6. A California commission has been urging the need of federal appropriation.

ALBUQUERQUE WAS THERE WITH THE GOODS SAYS WHITE

State Superintendent of Public Instruction Voices His Hearty Appreciation of the Treatment Accorded Teachers.

GLAD THAT CONVENTION COMES HERE NEXT YEAR

Thirty Applications for Membership in Association Received By Mail This Morning; Winding Up Work.

"I want to voice what I know to be the feeling of every one of the twelve hundred and more teachers who have been in Albuquerque during the past three days when I say that every one of us heartily appreciates the cordial welcome, the entertainment given us and the accommodations provided for the convention," said State Superintendent of Instruction Alvin N. White this morning. Mr. White is enthusiastic over the success of the convention which he declares to have exceeded by far his most sanguine expectations both in attendance and in work accomplished.

"We feel," said Mr. White, that much of the credit for the success of the convention belongs to Albuquerque. Everything possible was done for us to make our stay pleasant, to provide us with comfortable and easily accessible meeting places and to make it easy for us to work. No city could have done more and we are very grateful.

"I am especially glad that the convention is coming here again next year. While the department of education naturally took no sides in the contest for the meeting place, we are glad Albuquerque won, for the central location of the city makes the trip here really a saving in the majority of the teachers over any other city in the state, and your facilities here for entertainment and accommodation are everything that can be desired. I have been here since last Friday and during that time not a single complaint of any kind has reached me as regards the local arrangements and facilities for caring for us. We feel that in holding the convention here where everything is provided for us, that much has been done for education in the state as a whole and that everything has been done for the welfare and growth of the association.

"Personally I want to express my heartfelt thanks to those in charge of the arrangements and to the people of Albuquerque in behalf of the department and of the whole educational organization of the state, for the treatment accorded us this morning. Mr. White says that this morning's mail brought in some thirty applications for membership in the association from teachers who could not attend, bringing the total membership of the New Mexico Educational association to more than thirteen hundred.

DEAN OF VETERINARY COLLEGE PLACED ON TRIAL FOR MURDER

(By Leased Wire to Evening Herald.) Shelbyville, Ind., Nov. 27.—Dr. William E. Craig, dean of the Indiana Veterinary college at Indianapolis, will be placed on trial before Judge Almon Blair here tomorrow to answer to the charge of murdering Dr. Helen E. Knabe at Indianapolis the night of October 23, 1911.

Dr. Craig was indicted at Indianapolis, December 31, 1912, on evidence submitted by a private detective employed by the woman of the state. The case was brought here on a change of venue, granted at the request of the defendant.

Almon M. Ragsdale, an undertaker and administrator of the Knabe estate, is under indictment, charging him with being an accessory after the murder. The date for his trial has not been fixed.

MEASLES PROVES FATAL ON ALASKAN ISLE

(By Leased Wire to Evening Herald.) Seattle, Wash., Nov. 27.—A special cable to the Post-Intelligencer from Valdez, Alaska, says that Deputy U. S. Marshal Carl Armstrong at Kodiak telegraphed to Marshall Brenneke at Valdez that ten more deaths from measles have occurred at Afognak, making a total of twenty deaths on that island.

Mr. Armstrong added that every family but his own and one other at Kodiak report one or more cases of measles. More than 100 deaths have occurred in the infected district which includes Kodiak and Afognak islands. The revenue cutter Tacoma, which was dispatched from Seattle with medical supplies and physicians November 15, has not arrived yet and medical assistance is badly needed. Most of the afflicted are natives.

PRESIDENT AND CABINET ATTEND PAN AMERICAN PEACE FIESTA

Fourth Annual International Thanksgiving Celebration Proves Impressive Ceremony.

DOVE OF PEACE MAIN DECORATION STUNT

(By Leased Wire to Evening Herald.) Washington, Nov. 27.—The fourth annual Pan-American thanksgiving celebration with its attendant mass, a service of thankful unity between the United States and the twenty-one Latin-American republics, was observed here today. President Wilson, Secretary Bryan and a number of other cabinet officers, all the diplomats from Latin-America, Chief Justice White and other public officials attended.

St. Patrick's church was decorated with American and Latin-American flags. A dove of peace holding together in its beak the flag of the United States and that of the Pan-American union symbolized the peace of the western hemisphere for which prayers were offered. Cardinal Gibbons was present. Right Rev. Charles W. Currier, bishop of Matanzas, Cuba, who preached the sermon, declared war as "a national enemy of order, and therefore of that which is good and true."

FAITHFUL AIREDALE GUARDS BODY OF ITS MASTER

Lifeless Form of Colorado Springs Bond Broker Thrown From Horse, Found Near Road.

(By Leased Wire to Evening Herald.) Colorado Springs, Colo., Nov. 27.—Guarded by his faithful Airedale dog, the lifeless body of Thomas C. Pease, prominent bond broker of this city, was found at midnight in the road at Ludlow, about twenty miles west of here. Nearly was the horse which he had been riding and in a pocket was found a note telling that he was badly injured and could not stay where he was. It is supposed that he was thrown from his horse as a stirrup was broken, but the mystery of the death will not be cleared until after an inquest which has been set by the coroner of Teller county for this afternoon. Mr. Pease was found here yesterday afternoon for Ludlow to look over some land with a view to purchasing it. He was not seen afterwards until his body was found by a passerby.

WONDERFUL RAPID CALCULATOR DIES AT ADVANCED AGE

(By Leased Wire to Evening Herald.) Kansas City, Mo., Nov. 27.—Reuben Field, whose phenomenal powers as a rapid calculator have puzzled expert mathematicians from all parts of the country, died today of apoplexy, at the Jackson county farm, where he had been cared for since 1907. He was 76 years old.

Apparently without ambition and always dependent on others, he regarded his arithmetical powers as a gift of God that would be taken from him if he turned them to worldly gain. He was unable to read or write.

Given the distance by rail between two cities and the dimensions of a car wheel, he would tell an inquirer how many revolutions of the wheel would be required to cover the distance almost before the statement of the problem was completed. It was said he could tell the exact time at any hour without hesitation and without reference to clock, sun or other agency.

On several occasions, Field had consented reluctantly to aid in making inventories in stores at Independence, Mo. Given the number of yards of goods in a bolt of cloth, the number of bolts and the price per yard, Field would tell instantly the total value of the goods on the shelf.

PRINCE OF WALES MAY SEE CANAL OPENED

(By Leased Wire to Evening Herald.) London, Nov. 27.—A suggestion that the Prince of Wales should attend the official opening of the Panama canal is under consideration by the Liverpool Courier. Such recognition of the event would be popular in the United States, the Courier says, and would help solidify some of the ill-feeling caused by the British government's decision against official participation in the Panama-Pacific exposition.

BOTH SIDES SURE OF VICTORY IN BIG GAME TODAY

Arizona University Team Arrives This Morning With a Squad of Seventeen Rugged Looking Players.

VISITORS WILL AVERAGE WEIGHT OF 160 POUNDS

New Mexico Team Averages 144 but Expects to Overcome Weight with Speed; The Line Up.

Game Played Under Protest. The game between New Mexico and Arizona universities this afternoon is played under protest, the Arizona team failing to file the certificate of eligibility of players as provided in the contract. The latter requires the filing of this certificate two weeks before the game, the New Mexico team having filed theirs on time.

The athletic council decided to protest the game but to go ahead and play so as not to disappoint the crowd. If Arizona fails to present the certificate she forfeits ten guaranteed her for the game, and will also forfeit the game by the score of 2 to 0, regardless of today's play and score. This contract was made two years ago.

The universities of New Mexico and Arizona (lined up on Hopewell) field this afternoon to battle for the championship of the far southwest. Both teams went into the game at 3:30 this afternoon thoroughly trained and confident of victory.

The Arizona team, delayed by missing a train connection at Deming did not arrive until this morning. They had a day's rest at Deming, however, and an opportunity for light practice. The visitors are a lucky set of lads, the squad including seventeen men. The visitors average about 160 pounds, while the New Mexico team barely gets to an average of 144. However, the home team is confident that it will be able to make up in speed what it lacks in weight and is confident of victory. "We think," said Captain Calkins this morning, "that we will get away with a victory this afternoon. The visitors have an outweighed body but we think we can show them something in the way of speed. However, we are reserving our words and celebrations until after the game."

"I know so little about the New Mexico team that I do not care to make any predictions," said Captain McIntosh of the Arizona team this morning. "Our men are in good form, however, and we hope to take back the interstate championship with us."

The teams went into the game this afternoon as follows:
Phoenix. Position Albuquerque
Calkins... Right End... Carlisle
Jackson... Right Guard... Brashear
Leonard... Right Tackle... Little
McIntosh... Center... Gass
Bontrom... Left Guard... Arnot
Clawson... Left Tackle... Lee
Lewis... Left End... Shuffelberger
Merritt... Quarter... LaPrairie
Piper... Right Half... Henschen
Cowanell... Left Half... Calkins (c)
McIntosh... Coach
Condron, Mgr., P. R., Probart

CROSS AND RIVERS FIGHT TODAY

Meet in 20 Round Bout at Los Angeles; Clabby and Logan Mix It at San Francisco.

(By Leased Wire to Evening Herald.) Los Angeles, Cal., Nov. 27.—Lynch Cross of New York and Joe Rivers of Los Angeles met here today in a 20-round fight, entering the ring at 135 pounds. Cross and Rivers have had two ten-round fights in New York under the no-decision rule, and the battle today, according to announcement, was to decide which of them should meet champion Ritchie in a match tentatively fixed for New Year's day.

Even money was the rule in the betting.

BETTING ODDS TWO TO ONE FOR JIM CLABBY

San Francisco, Nov. 27.—Jimmy Clabby of Hammond, Ind., middleweight champion claimant, and Frank Logan of this city, entered the ring here today for a 20-round bout, with betting odds two to one in Clabby's favor.

Logan had an advantage in weight. He tipped the scales at 153, while Clabby, as always, was far below the limit. His usual weight is 150-152 pounds.

OUTGOING TRAINS PACKED WITH HOME BOUND TEACHERS

Rev. C. C. Hill of Roswell an Easy Victor in Race for President of Organization; J. H. Wagner of Santa Fe Secretary.

EDUCATIONAL COUNCIL ORGANIZED FOR 1914

Las Vegas and Roswell Winners in Oratorical Contest in Elks' Theater Last Night; Albuquerque Student Second

The Twenty-eighth Annual convention of the New Mexico Educational association, came to a close last night with the state oratorical contest in Elks' theater, conceded by the large audience present to have been one of the most interesting contests since the organization of the State Oratorical society.

This morning's outgoing trains, north and south, were packed to the gunwales with teachers. It was necessary to place several extra cars on the north-bound morning train to care for the more than 200 teachers who desired accommodations. By tonight practically all of the visitors will have departed.

Hill an Easy Winner

As has been predicted since the balloting started, Rev. C. C. Hill, county superintendent of Chaves county, was the winner in the race for president of the association. His vote was about two to one over that of Mr. Merfeldt of Clovis, although the vote was not as heavy as had been looked for. J. H. Wagner, of Santa Fe, was elected secretary by a substantial majority over Miss Whitaker of Las Vegas. Save for a few scattering votes the other officers were unanimously chosen as announced by the Herald yesterday.

City superintendent John Miles of Albuquerque, was chosen local secretary of the association. One of the newer teachers attending the convention for the first time, proposed to change the convention dates from Thanksgiving week to Christmas week. It was so promptly set upon by the older members, who have thrashed out the matter many times, that he quickly subsided.

Educational Council Organized

The constitutional amendment increasing the size of the educational council by adding three members from each of the thirteen sections, was carried practically by an unanimous vote. The council held a brief meeting last night at which several of the sections announced their members. The council elected officers for 1914 as follows: Dr. Frank H. Roberts of Las Vegas, president; R. F. Asplund of Santa Fe, secretary.

The general association selected the following as its members of the council: John Miles of Albuquerque, Frank H. Roberts of Las Vegas, C. M. Light of Silver City, David Ross Boyd of Albuquerque, Alvin N. White and R. F. Asplund of Santa Fe.

ORATORICAL CONTEST THE BEST ON RECORD

The state oratorical contest in Elks theater last night was the best since the formation of the State Oratorical society. It was held in two sections, the high school section with ten orators coming first and the college with three entries completing the program.

In the college section, Frank Landeau of the Normal University at Las Vegas, was awarded first prize, with the subject, "What is True Patriotism?"

Fred G. Calkins of the University of New Mexico, was awarded second place with the subject "By Right of Might."

In the high school section, Lester Wolff of the Roswell high school, won first place with "True Success." Edward Patterson of the Portales high school, won second place with the subject, "The Independent Voter." All of the orations were good and received complimentary remarks from the judges both on thought and composition and on delivery.

Miss Rose Maharam, the candidate from the Albuquerque high school, who spoke on "Jane Adams Settlement Worker," received many compliments on her oration.

The glee clubs and string bands from the Las Vegas Normal, the University and the High school gave the musical numbers, which were thoroughly enjoyed.

W. W. GATEWOOD PUT IN JAIL FOR CONTEMPT

(Special Correspondence to the Herald) Roswell, N. M., Nov. 26.—W. W. Gatewood, one of the oldest legal practitioners in the Pecos valley, was jailed here for contempt under orders of District Judge John T. McClure, on Gatewood's refusal to pay a fine of \$50. Mr. Gatewood stayed in jail about an hour, after which time he paid the fine and was released. The court based his action on remarks made by Gatewood to the court during the examination of a juror.
